LAKESIDE SPEEDWAY SCRAMBLE PAYOUTS 2020

Scramble Format: Scramble is setup by heat passing points from all heats. The top 12 in passing points automatically go to the scramble. 8 more will come from either 2-B main (4 from each) or 1 B main (8 from one) to make a 20-car field for the scramble. The top 12 finish from the scramble is the top 6 rows for the A Mains on Saturday night. Same thing for Saturday except it will fill the next 6 rows for the A Main making a total of 24 cars.

The scrambles are only paid out for Friday night scrambles.
